108TH CONGRESS 2D SESSION

H. R. 4625

To reduce temporarily the royalty required to be paid for sodium produced on Federal lands, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

June 21, 2004

Mrs. Cubin introduced the following bill; which was referred to the Committee on Resources

A BILL

To reduce temporarily the royalty required to be paid for sodium produced on Federal lands, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Soda Ash Royalty Re-
- 5 duction Act of 2004".
- 6 SEC. 2. FINDINGS.
- 7 The Congress finds the following:
- 8 (1) The combination of global competitive pres-
- 9 sures, flat domestic demand, and spiraling costs of

- production threaten the future of the United States soda ash industry.
 - (2) Despite booming world demand, growth in United States exports of soda ash since 1997 has been flat, with most of the world's largest markets for such growth, including Brazil, the People's Republic of China, India, the countries of eastern Europe, and the Republic of South Africa, have been closed by protectionist policies.
 - (3) The People's Republic of China is the prime competitor of the United States in soda ash production, and recently supplanted the United States as the largest producer of soda ash in the world.
 - (4) Over 700 jobs have been lost in the United States soda ash industry since the Department of the Interior increased the royalty rate on soda ash produced on Federal land, in 1996.
 - (5) Reduction of the royalty rate on soda ash produced on Federal land will provide needed relief to the United States soda ash industry and allow it to increase export growth and competitiveness in emerging world markets, and create new jobs in the United States.

1 SEC. 3. REDUCTION IN ROYALTY RATE ON SODA ASH.

- 2 Notwithstanding section 102(a)(9) of the Federal
- 3 Land Policy Management Act of 1976 (43 U.S.C.
- 4 1701(a)(9)), section 24 of the Mineral Leasing Act (30
- 5 U.S.C. 262), and the terms of any lease under that Act,
- 6 the royalty rate on the quantity or gross value of the out-
- 7 put of sodium compounds and related products at the
- 8 point of shipment to market from Federal land in the 5-
- 9 year period beginning on the date of the enactment of this
- 10 Act shall be 2 percent.

11 SEC. 4. STUDY.

- 12 After the end of the 4-year period beginning on the
- 13 date of the enactment of this Act, and before the end of
- 14 the 5-year period beginning on that date, the Secretary
- 15 of the Interior shall report to the Congress on the effects
- 16 of the royalty reduction under this Act, including—
- 17 (1) the amount of sodium compounds and re-
- lated products at the point of shipment to market
- from Federal land during that 4-year period;
- 20 (2) the number of jobs that have been created
- or maintained during the royalty reduction period;
- 22 (3) the total amount of royalty paid to the
- United States on the quantity or gross value of the
- output of sodium compounds and related products at
- 25 the point of shipment to market produced during

- that 4-year period, and the portion of such royalty
 paid to States; and
- (4) a recommendation of whether the reduced
 royalty rate should apply after the end of the 5-year
 period beginning on the date of the enactment of
 this Act.
